To,

The District Collector,

Subject: Urgent Village Concerns and Rights Violations – Request for Immediate Intervention

Respected Sir/Madam,

I, the undersigned, Avinash B. Nitone, wish to bring to your kind attention several urgent concerns regarding our village. These issues highlight not only administrative negligence but also violations of the residents' fundamental and legal rights. The details are as follows:

Village Concerns:

1. Corruption in Village Works: In the last five years, almost no development work in the village has been completed without corruption.
2. Poor Road Conditions: The roads in the village are in very poor condition and require urgent repair and maintenance.
3. Sanitation and Cleanliness: There is almost no cleanliness in the village. Garbage is scattered everywhere, and sanitation is a serious concern.
4. Drinking Water Facilities: There is no proper arrangement for drinking water in the village, creating difficulties for residents.
5. Street Lighting: Street lighting is insufficient; many areas of the village are dark and unsafe at night.

6. Illegal Encroachments :- These are numerous illegal encroachment in the village affecting public land and community space.

Rights Violations:

1. Right to Life and Personal Liberty (Article 21): Poor sanitation, unsafe drinking water, lack of street lighting, and illegal encroachments put residents' health and safety at risk.
2. Right to Equality (Article 14): Corruption in village works results in unfair distribution of resources, violating the principle of equality.
3. Right to Information (RTI Act, 2005): The BDO has not provided information requested under the RTI Act, denying citizens their right to information.
4. Right to Safe and Healthy Environment: Lack of cleanliness and poor infrastructure compromise the residents' right to a healthy environment, which is part of Article 21.
5. Right to Access Public Services and Infrastructure: Damaged roads, poor street lighting, and lack of water supply deny residents their right to basic public services and infrastructure.
6. Illegal Encroachments: Numerous illegal encroachments have taken place in the village, affecting public land and community spaces.

Request:

These issues not only endanger the well-being of the villagers but also obstruct the development of the community. Therefore, I kindly request your office to:

- 1) Conduct an immediate inquiry into these matters.
- 2) Take strict action against corruption and mismanagement.
- 3) Ensure the provision of clean drinking water, proper sanitation, safe roads, and adequate street lighting.
- 4) Ensure transparency and accountability in governance, including compliance with the RTI Act.
- 5) Remove illegal encroachments to protect public land.

Thanking you for your kind attention and support.

Yours faithfully,

Name: Avinash B. Nitone
